

How to get transport rate online from SeaExpress?

1. Visit <http://www.seaexpress.de/>

2. Click on the "TARIFF"

3. If you may not have a user name or password, please apply by clicking "request access"

The image shows a screenshot of a web browser window titled "Tarico SeaExpress - Request access". The form contains the following fields:

First name:	Surname
Last name:	Family Name
Company:	SeaExpress Logistics GmbH
Department:	Purchase
ZIP/City:	20459
Street/No.:	Herrengraben 74
E-Mailaddress:	info@seaexpress.de
Phone:	0049 040 360016 495
	<input type="text"/>

4. Log in the system with your user name and password

5. To create a price query, click on the desired entry "Query" on the start page. The price query dialog opens.
6. By clicking on each line, data and possibly additional options can be selected. The following overview shows the description of the individual fields. Possibly. You do not have all the necessary access rights for all fields.
 - 1) Place
This is the place of delivery or receipt.
Enter the city or zip code. Tarico shows a selection of postcode and place that are available. If the desired location is not displayed, no query can be made. If the delivery is not in Germany, please select the country and enter the place of delivery.

Example address 1

2) Direction

Direction: Import Export Transfer

3) Ports

This can be chosen more than one port and better to choose the terminal

Ports:	<input type="checkbox"/> Antwerpen	<input type="checkbox"/> Bremerhaven	<input checked="" type="checkbox"/> Duisburg	<input type="checkbox"/> Hamburg	<input type="checkbox"/> Rotterdam
	<input type="checkbox"/> Antwerpen	<input type="checkbox"/> BRV NTB/Eurogate	<input checked="" type="checkbox"/> Duisburg	<input checked="" type="checkbox"/> HH CTB/CTA/Eurogate	<input type="checkbox"/> RTM APM
			<input type="checkbox"/> HH CTI		<input type="checkbox"/> RTM Delta
					<input type="checkbox"/> RTM Euromax
					<input type="checkbox"/> RTM Waalhaven

Single port

4) Depots

The following criteria are available in the "Depots" line:

Oneway: means to return of the empty container or pick up empty container close to the basis of the registered place. System independently calculates the relevant empty depots

Roundtrip: means to return of the empty container or pick up empty container in the seaport.

On the basis of the ports indicated, system independently calculates the possible empty depots

Manual selection: You decide for yourself which depots are to be counted. Select the relevant available depots by mouse click.

Depots: Oneway Roundtrip Manual selection

5) Container Size

Container size Select the container sizes that you want to query.

Container size: 20' 40' 45'

6) Customer

Indicate your good company.

7) Mode

The mode identifies the traffic types you can query. Which types of traffic can be queried depends on your access rights. If you are allowed to query trucks and railways for road transport, but only want to calculate truck prices, then remove the mark at "Rail Bimodal".

Mode: Truck Rail Bimodal Barge Bimodal

8) Specials

Specials: Unhitching Hazardous goods Test-Tariffs only Depot group as single depot

7. By clicking on "Calculate prices" you get the results.
